

ICE MACHINES

# Quick Reference Guide

# I need ice.

That's why I choose Manitowoc® Ice.

Manitowoc® Ice has built its reputation on developing the most innovative and reliable ice solutions for the foodservice industry. Solutions you'll find no where else. And, with the largest ENERGY STAR® portfolio in the industry,\* our ice machines are not only dependable, they are energy efficient. No one knows ice better than Manitowoc Ice. That's why we are America's number one selling ice machine.

Our flagship ice machines, the Indigo® and NEO® are no exceptions. Both Indigo and NEO use modern advancements in technology to simplify everything we've ever known about making ice. Now your ice machine can tell you what it is doing and ensure that you have ice when and where you need it.

\*Based on ENERGY STAR qualifying models list January 1, 2016

Features like Indigo and NEO's tool-free foodzone, patented EasyClean, programmability or time delay features, and service messages or indicators help ensure that your ice machine consistently meets your demand for ice.

Manitowoc Ice offers one of the largest portfolios of ice machines in the foodservice industry. Large gourmet, gourmet, regular cube, dice, half dice, flake, nugget, and crushed – from 53 lbs (24 kg) of ice to 3,300 lbs (1497 kg) – whatever your ice needs are; we have the solution.

## HALF DICE

Hard, clear ice cube with unique "rhomboid" shape  $3/8" \times 1-1/8" \times 7/8"$  (0.95 x 2.86 x 2.22 cm) in dimension, 96 cubes per pound of ice, maximum cooling with nearly 100% ice to water ratio.

## DICE

Hard, clear ice cube with unique "rhomboid" shape  $7/8" \times 7/8" \times 7/8"$  (2.22 x 2.22 x 2.22 cm) in dimension, 48 cubes per pound of ice, maximum cooling with nearly 100% ice to water ratio.

## NUGGET

Perfect for chewing and blended beverages while dry enough (90% ice to water ratio) to be dispensed.  $3/8"$  to  $1/2"$  (0.95 to 1.27 cm) in width and length on average.

## FLAKE

Small, soft pieces of ice with a 73% ice to water ratio. Ideal for food, presentation, and preservation as well as hand scooping into drinks.

## REGULAR

Hard, clear ice cube with unique "rhomboid" shape 1-1/8" x 1-1/8" x 7/8" (2.86 x 2.86 x 2.22 cm) in dimension, 32 cubes per pound of ice, maximum cooling with nearly 100% ice to water ratio.

## GOURMET

Hard, clear individual cube with unique octagon shape 1-3/8" x 1-3/8" (3.49 x 3.49 cm), maximum cooling with nearly 100% ice to water ratio.

## CRUSHED

Manitowoc® Ice dice or half dice cubes crushed into small pieces using a Manitowoc Ice machine and a Servend® beverage dispenser equipped with icpic® ice crusher.

## LARGE GOURMET

Hard, clear, individual cubes weigh a whopping 60 grams each and stand a proud 2" x 1-1/2" x 1-3/4" (5.08 x 3.18 x 4.45 cm).

**Why do I love my Indigo?**

**In the end it was the EasyRead display.**

Intelligent thinking inside the box.

### **intelligence**

It all starts with the EasyRead® display and all the things you can do with it:

- View continuous operational status
- Get Alerts and Reminders
- Obtain asset information
- View Historical and real time data
- Get Preventive and Diagnostic information
- Collect and record service data
- Download service data to machine
- Operates in 14 different languages.

### **cleanability**

Indigo® is the easiest machine to clean in the industry:

- Front facing evaporator
- Clean rounded foodzone for fast wipe downs
- Tool free part removal of all foodzone components
- Alpha San components to prevent the growth of microbes
- Advanced sanitation- LuminIce® II and iAuCS®

### **energy efficient**

Indigo leads the way in energy efficiency and life time cost of ownership with more than 70 energy star models to choose from. Includes energy saving features:

- Programmable ice production
- Patented air assist harvest technology
- Patented Acoustical Ice sensing probe
- Water miser feature

For more information visit [www.MTWindigo.com](http://www.MTWindigo.com)

# 22" Wide Cubers

The Indigo® series ice machine offers some of the industries lowest profile ice makers for venues where real estate is scarce. These slender 22" (56 cm) wide models produce up to 485 lbs (220 kg), and can be installed on a variety of bins, hotel dispensers, and counter top beverage dispensing systems—ensuring that you have ice no matter the space constraints.

# 30" Wide Cubers

By far the most popular size ice machine in the industry—The Indigo® 30" platform offers the widest array of daily production, cube types, and condensing options available on the market today. With production capacities ranging from 310 lbs (141 kg) to 1,951 lbs (885 kg), three available cube types, and condensing options that include air, water, traditional air remote, and Manitowoc® Ice's patented QuietQube® CVD® remote technology (see pages 14-17), this series has an ice machine for just about every situation whether in a full-service restaurant, a fast-food chain, a convenience or grocery store, or in the world's finest hotel. Manitowoc Ice ensures that you have ice when and where you need it.

# Large Capacity Cubers

When you need a lot of ice and space isn't as big a concern Manitowoc® Ice also has a range of large capacity cubers that offer daily production rates from 1,550 lbs (703 kg) to 3,380 lbs (1,533 kg). These machines are popular in fast-food outlets, full-service restaurants, institutional kitchens, cafeterias, and other large venues like stadiums and casinos. When you need ice, and you need a lot of it Manitowoc Ice has your solution.

# Ice/Beverage Series

The Indigo® IB series is home of the highest producing 22" (56 cm) ice machine in the industry. The IB series' narrow 14" depth provides operators with easy access to the beverage dispenser for cleaning, sanitizing, and other maintenance. This unique capability is made possible by Manitowoc® Ice's patented CVD® technology which results in an compact design allowing the ice machine to run with virtually no noise or heat exhaust. With the proper adapter Manitowoc Ice's IB machine can be installed on almost any beverage dispenser. Just another way that Manitowoc Ice is making sure you have ice.

# QuietQube®

75% quieter than a self-contained or standard remote ice machine. Our patented CVD® technology uses cool vapor rather than hot gas to harvest ice. It not only makes QuietQube ice machines the quietest ever; it makes them more reliable, makes them more efficient, and provides high levels of ice production too. Consider how much noise customers and employees face in your operation...and how much more inviting it will be with a quiet ice machine.

# Ice Dispensers

These automatic-fill, floor-standing ice dispensers meet the strict sanitary needs of the lodging, foodservice, and healthcare industries. Capable of providing 635 lbs. (289 kg) of dispensed ice in a 24 hour period, the SPA dispensers feature a patented “push for ice” dispense mechanism and paddlewheel ice delivery. The SFA models add a built-in water valve for filling buckets, cups or refillable bottles. Attractively styled to complement any décor.

**A whole new level of thinking.**

The anywhere you need ice machine.

### **A new level of performance**

- Manitowoc® Ice reliability
- Industry leading 24 hour ice production
- All air-cooled models are ENERGY STAR® qualified\* and 12% more energy efficient and 23% more water efficient than standard undercounter models

### **A new level of intelligence**

- Universally recognizable, easy-to-read display icons with bright, neon blue indicator lights
- Time delayed ice production

### **A new level of convenience**

- Removable bin, for front service access
- EZ glide, angled bin door
- LuminIce® II accessory compatible
- Improved scoop & holder inside the bin

# Undercounter Cubers

These compact ice cube machines are ideal for small-volume ice production, for limited-use needs, or as back-ups for larger machines. Specifically designed to fit beneath counters or in areas where floor space or height restrictions prohibit use of larger equipment. The petite size makes any of these models ideal for on-the-spot installations at coffee shops, stadium boxes, refreshment/break areas, or wherever limited ice needs require equipment with a small footprint.

# Nugget Ice Machines

Manitowoc® Ice nugget machines provide a high quality, chewable ice that boasts a 90% ice content—one of the industry’s highest ice/water ratios. This means minimal drink dilution, and a nugget ice that is perfect for use with drink dispensing applications. Manitowoc Ice nugget is also ideal for specialty blended beverages, as well as filling many uses in healthcare from ice/water needs to cold therapy.

# Undercounter Flakers

When it comes to food preservation, a cool presentation can lead to cold, hard profits. Not only does your product need to look good and stay fresh, the ice needs to look good too. Manitowoc® Ice flake ice machines offer quick cooling, moldable flakes. Small, soft pieces of ice with a 73% ice to water ratio form around objects without bruising and hold in place without tipping or spilling. Perfect for food and beverage presentation and hand scooping into drinks.

# Gourmet Cube

Hard, clear individual cube for maximum cooling with nearly 100% ice to water ratio. Perfect Premium Beverage Companion with its crystal-like appearance. The SM-50 is a compact, small capacity ice machine designed for use in undercounter settings next to traditional cabinetry. It is the ideal ice machine for the boardroom, conference rooms, or kitchen lunch areas. The unit is designed to be installed into a standard 15" 38 cm cabinet opening or can be free-standing. Features include a multi-function control panel with unique "delay-start mode," lighted and over-sized bin opening, and a built-in innovative water filtration system. Produces individual octagon shaped cubes.

# Large Gourmet Cube

The Manitowoc® Ice Big Shot cube is the right cube for your signature drink. Whether you're pouring a craft whiskey on the rocks or serving up your award winning Bloody Mary, the Big Shot cube is the right fit. These crystal clear, large gourmet cubes weigh a whopping 60 grams each and stand a proud 2" tall and 1 1/2" wide. It's large surface area cools your drink effectively with a slower melt rate compared to smaller cubes, which means customers are able to enjoy their drinks the way it was meant to taste without having to worry about the ice diluting the flavor.

# Undercounter Spray Cubers

Sotto™ is the perfect solution for venues where just a few large cubes in the glass is preferred--restaurants, bars, cafes, coffee shops, and delis. Specifically designed for the international market (not available in North America), Sotto provides a robust 20 gram Gourmet style cube with a unique octagonal shape. Sotto produces 22 to 85 kg of ice daily and provides up to 44 kg of ice storage.

# SOTTO™

The clear and simple choice.

# Options & Accessories

---

## LuminIce® II Growth Inhibitor

Creates “active air” by recirculating the air around the ice machine foodzone components to inhibit the growth of yeast, bacteria, and other common micro-organisms. For use with Indigo and NEO® series.

*Ice machine equipped with LuminIce II      Ice machine without LuminIce II*

LuminIce II runs quietly 24/7 keeping your ice machine cleaner while helping reduce cleaning frequency; which ultimately can save money spent on routine maintenance and PM programs. Space-saving design fits inside the ice machine.

.....

## Arctic Pure® Water Filter with QUICK DISCONNECT DESIGN

Conditions incoming water, reduces machine cleaning frequency and service costs, maximizes equipment performance, and improves ice quality. Features include replaceable filters and compact size. All systems carry a 3-year parts-and-labor warranty (excluding filter cartridge).

.....

## Vertical Discharge Remote Condensers

Remote air-cooled condenser systems improve efficiency, increase ice production, and conserve energy. Remote systems for Series 500, 600, 850, 1000, 1400 and 1800 ice machines consist of ice maker, bin, remote condenser, and interconnecting refrigerant lines. (Each ordered separately.)

# Options & Accessories

---

## Optional, Automatic Cleaning System (iAuCS®)

Eliminates routine maintenance. iAuCS counts the number of ice-making cycles and, at a frequency you select, initiates a cleaning or sanitizing cycle... AUTOMATICALLY. Choose from 2-, 4-, or 12-week settings. Use with Indigo modulars.

*iAuCS (External Mounting)*

---

## Optional Bin Level Control

Lets you program your ice production by bin fill level to save energy or just to ensure fresh ice is always available. Built-in LED light illuminates bin. For use with Indigo.

---

# Additional Offerings

---

## Gourmet Spray\*

Gourmet spray cubes are offered in a variety of cube sizes and production capacities. Perfect for cafés, bars and restaurants in countries where demand for ice in beverages is reduced.

---

## Scale Ice\*

Scale ice is extremely hard and cold with sizes ranging from 1.5 mm to 3 mm in thickness. Ice pieces resemble a shattered sheet of ice. Scale is perfect for industrial applications, food processing and display such as fish, dairy products, meat cutting, and baking companies.

\*Currently not available in North America

## You've purchased the best ice machine available – keep it that way.

Every new piece of Manitowoc Foodservice equipment comes with KitchenCare and you choose the level of service that meets your operational needs from one restaurant to multiple units.

**StarCare** – Our network of Factory Authorized Servicers are factory trained and performance audited, with locations in over 130 countries to meet your warranty and lifetime service, installation, start-up and planned maintenance needs. With genuine OEM parts certified for heavy-duty use, they keep your equipment running in the most demanding kitchens.

- Warranty and life time service
- Certified OEM parts
- Global parts inventory
- Performance audited

**ExtraCare** – Fringe benefits at your fingertips, ExtraCare offers all the little conveniences that someone who understands and cares about your operation provides.

- CareCode
- 24/7 Support
- Online/Mobile Product Information

**LifeCare** – The ultimate level of worry free protection and support for multi-unit operators. We work together to determine the right level of service for your units, then customize a program to manage your operation.

- Install and Equipment Orientation
- Planned Maintenance
- KitchenConnect® – Full facility monitoring and diagnostics
- MenuConnect® – Automatically upload recipes and cooking procedures

## Sustainability

At Manitowoc® Ice we strive to be a responsible manufacturer, industry leader, and employer, not only for this generation, but for future generations. We routinely engage our customers, industry partners, employees, strategic suppliers, domestic and international government agencies and associations, and the communities that we serve around the world.

---

The EnerLogic™ program helps operators conserve energy and maximize profits. Look for our EnerLogic mark and you'll know you're getting the most from every energy dollar spent on Manitowoc Foodservice equipment. This program

incorporates a combination of third-party standards, including meeting or exceeding California Energy Commission rebate standards, or meeting criteria outlined by the Federal Energy Management Program, including those that:

- Incorporate new energy-saving technology
  - Involve renewable energy
  - Demonstrate water efficiency and/or
  - Feature sustainable design and operations
- 

## Less Energy. Less Water.

Manitowoc Ice machines earn the ENERGY STAR®

Commercial ice machines that have earned the ENERGY STAR are on average 15% more energy efficient and 10% more water efficient than standard models. Manitowoc Ice leads the way with dozens of qualifying ice machines that meet and exceed ENERGY STAR guidelines.

Visit [www.mtwfs.com/energystar](http://www.mtwfs.com/energystar) for a complete list of Manitowoc Foodservice's ENERGY STAR-qualified ice machines.

# Ice Usage Guide

---

Foodservice	Approximate Ice Cube Needs Per Day
Restaurant.....	1-1/2 lbs .68 kg per person
Cocktail .....	3 lbs 1.4 kg per person/seat
Water Glass .....	4 oz 118 ml per 10 oz 296 ml glass
Salad Bar .....	30 lbs 13.6 kg per cubic foot
Fast Food.....	5 oz 148 ml per 7-10 oz 207-296 ml drink
	8 oz 237 ml per 12-16 oz 355-473 ml drink
	12 oz 355 ml per 18-24 oz 532-710 ml drink

## Lodging

Guest Ice.....	5 lbs 2.7 kg per room
Restaurant.....	1-1/2 lbs .68 kg per person/seat
Cocktail .....	3 lbs 1.4 kg per person/seat
Catering.....	1 lb .45 kg per person

## Convenience Store

Beverage.....	6 oz 177 ml per 12 oz 355 ml drink
	10 oz 296 ml per 20 oz 591 ml drink
	16 oz 473 ml per 32 oz 946 ml drink
Cold Plate.....	50% more ice per day
Packaged Ice.....	lbs per bag x bags sold per day

## Healthcare

Cafeteria.....	1 lb .45 kg per person
Patient Ice.....	RNS12: Up to 20 beds

## Beverage Service

Drinks.....	40% ice per drink x number of drinks served on peak day

## Quality Assurance

Before crating and shipment, every Manitowoc Ice® cube machine is operated for a minimum of two ice-making cycles. During this testing, inspectors record the serial number, air and water temperatures, humidity, freeze times, and harvest times as part of their final inspection. Ongoing reviews of this test data assure that Manitowoc Ice machines consistently meet the highest standards of quality.

## ISO 9001:2008 Quality System Certified

Quality is the #1 consideration at Manitowoc Ice. Our company-wide commitment to quality makes us especially proud of our certification to ISO 9001:2008 quality standards and our position as North America's first ISO-certified manufacturer of ice machines.
